1. Appointment times are approximate only, as each patient requires individualized attention by the Provider and their staff for whatever time period that may be necessary. The Provider may also be confronted with emergency cases during the day, which may cause delay in our schedule. If this happens we will try to contact our patients to give them the option to come in at a later time or to reschedule at their convenience. Please try to understand if you are asked to wait for the Provider.

 - b. We have a 10-minute grace period for all appointments. If you are late you will most likely be asked to reschedule to a later time. We ask that all our patients be on time so that we can stay on schedule, minimizing patient inconvenience.
2. Phone calls are returned within 24 hours. If you are having an acute problem we will call you back during the business day.
3. After hours calls will be returned the next day if it is not an emergency. The Provider will not return an after hours message if it is about prescription refills.
4. Prescriptions are given to patient at their visit and it is the patient's responsibility to take them to the pharmacy. If you lose your prescription we will mail another to you or you can pick up another at our office. If you have a mail order prescription program through your insurance plan we will mail the prescription to you if approved by the Provider. If you wish a prescription called in and it is not an EMERGENCY, we will call it in to your pharmacy within 48 hours.
